## **DETAILED ACTION**

### ***Response to Amendment***

In response to the office action mailed on 8/11/05, the applicant has amended claim 1, currently claims 1-16 are pending.

### ***Response to Arguments***

1. Applicant's arguments filed 10/14/05 have been fully considered but they are not persuasive. Amended to claim 1 to incorporate limitation "at a distance from the epiglottis" do not seem to hold patentable weight since the size of the body would most likely to vary from patient to patient, i.e. it is obviously well known in the art that a child inter-oral device would most likely to be smaller than an adult inter-oral device. Therefore, the size of the device would vary depending on the age of the patient or size of the patient's oropharyngeal cavity. Therefore, prior art reference US 2002/0108610A1 to Christopher is considered obvious to overcome applicant's amended claim 1, since it would have been obvious to one of ordinary skills in the art to construct the an inter-oral device in varying sizes and shapes to accommodate different patients.

**Rejection made to claims 1-7, 11-12, 14, and 16 under 35 USC 103 a as being unpatentable over Christopher US Patent application number 2002/0108610A1, and claim 13 under 35 USC 103a as being unpatentable over Christopher US Patent application number 2002/0108610A1 in view of Kinner et al. US Patent 3,756,244 as described in the office action dated 8/11/05 is hereby repeated and made FINAL.**

*Conclusion*

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
